

Lightbar FX500-CB

Higher luminosity guarantees improved safety on the road

Combo Beam

Combined beam of light

Lighting distance up to 440 meters

Improved far and near field illumination

Beam angle 5°

Exceptionally focused beam angle

LED auxiliary lights enhance driving pleasure

Improved far field illumination on dark rural and dirt roads – it's no problem for the LEDriving Lightbar FX500-CB. Its 20 intense, high-performance LEDs give the LED high beam a light distance up to 440 meters and ensure improved road safety for drivers. Even at dusk or in compromised lighting conditions, the LED bars for automobiles provide daylight conditions at a strong 6000 Kelvin without needlessly blinding oncoming traffic. The intelligent reflector design diverts the light from the LEDs so that oncoming traffic is only indirectly exposed to the light. The light is evenly distributed at a five degree angle. Robust, durable and versatile Whether used as a LED working light or as an auxiliary high beam for the car – the powerful performance and long life of the LEDriving Lightbar FX500-CB make it a compelling choice. Equipped for a wide range of uses, it defies environmental factors and is particularly robust thanks to the quality craftsmanship of its materials and hard-wearing polycarbonate lens. The integrated driver and thermal management system regulates the temperature of the LED automotive headlight and prevents damage caused by overheating. Full polarity protection ensures the LEDs are automatically shut off in the event of excess voltage. Brightness for a wide range of uses The LEDriving Lightbar FX500-CB is pure pleasure both on and off-road. The ECE-compliant LED auxiliary light ensures better visibility and thus improved safety on roads. In addition, it adds a smart touch that enhances the off-road style of the vehicle. The LED headlight can be mounted on 12V vehicles as well as agricultural machines, utility vehicles, recreational, off-road and 4x4 vehicles. The power package with an intense 5500 lumen brightness scores with the highest optical efficiency and homogeneous light distribution with reduced glare.

产品数据表

技术参数

Product information

Order reference	LEDDL104-CB
Application (Category and Product specific)	Additional high beam application

电参数

标称电压	12/24 V
标称功率	70 W
测试电压	13.5 V

光度数据

光通量	5500 lm
色温	6000 K
Light distance at 1lx	440 m

尺寸和重量

产品重量	2100.00 g
长度	655.0 mm
宽度	94.0 mm
高度	77.0 mm

寿命

使用寿命 Tc	5000 h
Guarantee	5 年

法律建议

In vehicles with 12/24 volts, auxiliary lights must be installed in pairs
